Class Description:

To celebrate our memories of 10 years at Sew Simply Stitched, let's make a Merry Memories Quilt. This picturesque Christmas quilt has one-inch finished squares, and one-inch wide strips. We will work on careful $\frac{1}{4}$ " seams so everything fits together well and looks uniform. I will have "tips for tiny pieces" (cutting, pressing, strip piecing, etc.) so all the rows and squares look perfect. The frame blocks are alternated with trees. It's also fun to fussy cut the pictures for the frames. We will be able to make several 9-patch blocks of the little squares, one picture frame, and one tree block; maybe much more. Make a few blocks to practice these skills or complete a whole quilt.
