Class Description:

The Decades Quilt is a tribute to growth, resilience, producing good fruit, and directing energy to what matters most, all done over and over again across the decades. It is portrayed in a large, modern take on the tree of life framed by stars to celebrate the fruits of our efforts. The outer border creates lovely movement as it frames the vibrant tree, and also adds a subtle “X” to signify the Roman numeral for the number 10. In this class you will learn several skills, such as half square triangles, half rectangle triangles, unique Dresden plate blocks, and a small amount of foundation paper piecing. The Decades quilt class will be action packed and full of fun as we create our one-of-a-kind quilts!
