### Class Description:

What do you do when you have scraps overflowing the bin? You make a Posh Penelope of course! This is such a fun block to make and once you get the block down, you can make the basic 1/4 block in 15 minutes and an entire block in about 1 hour. Make one after every project and soon you will have an entire quilt.

These curves are sewn without pins... yes, WITHOUT pins. You'll be amazed at how easy they are to sew. You'll sew, trim, repeat until the block is finished. Trimming down lets you end up with a perfectly square block.
